**Email: [staff@phamurray.org](mailto:staff@phamurray.org)**

### **Attention All Residents:**

We have had an increase in the number of residents experiencing drain issues. Please refrain from putting any foreign matter down your drains. This includes wipes of any kind. Even though the wipe packaging says flushable the wipes do not go down the drain and disintegrate.

When wipes go down the drain, it causes sewer pipes to clog. This can lead to a sanitary sewer overflow where raw sewage actually backs up into your home as well as other residents homes. Not only does this nasty mess cause health issues it creates what can be a very expensive problem to fix. To avoid household damage, as well as a costly bill, NEVER put wipes or any foreign matter down the drains.

If maintenance finds any foreign matter down any drain, you will be charged for the repairs.
